

Passion as a source of strength or you do not conquer the mountain, but only your own self!

Alexander Huber was born in 1968. 1998 he decided to end his scientific career as a physicist in order to devote fully to his passion – mountaineering. Since then, he and his older brother Thomas, who call themselves 'die Huberbuam - the Huber brothers' are among the most successful climbers in the world.

Graduate in physics

Field(s) of Expertise: *Planning, risk management, rock climbing*
