

Making Change Happen

Think it. Do it. Change it. That's the mantra of Global TopSpeaker Ilja Grzeskowitz. The graduated change expert started his career as Germany's youngest store manager and was in charge of ten department store for Karstadt, Wertheim, Hertie and IKEA. He is a bestselling author of six books and had guest lecturing positions at the SRH University in Berlin and the Berlin School of Law and Economics. As an innovation scout, Ilja constantly travels the world in order to discover future trends. In...

PARTICIPANT COMMENT

"I'm very pleased to let you know that we were all delighted with Ilja – his address/speech was 'on point' and exactly what we were looking for and we particularly also appreciated his time afterwards when he made a real effort to connect with our delegates during breaks and meals. >From first contact he was easy to work with and his preparation was immaculate, he worked seamlessly with our conference production company and was generally very easy to get along with – a very likeable individual with a good, positive and constructive message. Just what we'd been looking for! Overall highly recommended!"
