

The accordance of organisation and emotion leads to success.

Global Top Speaker Thomas Fricke was heading the procurement and logistics department at the last FIFA Football World Cup 2006 in Germany. He started his career as an international Project Manager in several business segments. At the same time he was employed in the professional football business as football has been his passion from the very beginning. In 2004 he started working at the Local Organising Committee of the 2006 FIFA World Cup. Keynote speaker Thomas Fricke graduated from the Economy and Technology University in Germany.
