

**The future is all about being entrepreneurial in the employee context.  
Don't fear failure, fear complacency!**

Sahar Hashemi, a former lawyer, founded Coffee Republic together with her brother. The UK's first coffee bar chain in US style evolved into one of the UK's most known high street brands with a turnover of £30m. Coffee Republic became one of the first players in the 'coffee revolution' that converted the UK high street.
