

MOBILITY OF THE FUTURE: REVOLUTION THROUGH DIGITALIZATION

Sustainable - Connected - Autonomous. What is our plan for mobility in the future? SMART Mobility and SMART Cities with ZERO emissions, ZERO accidents, ZERO ownership? Can such a global mobility revolution succeed? Hans-Peter Kleebinder inspires people of every generation in intelligent, inspiring and sustainable presentations. The topic of future mobility, a global mobility industry and the accompanying digitalization are the main content of the smart automotive and mobility expert. The mobility of the future is sustainable, connected, autonomous, green, digital, intelligent, efficient and safe.

Independent expert for #SMARTMobility, #SMARTCities and #MaaS Lecturer for Brand Management, Social Media and Influencer Marketing at the University of St. Gallen.

Expertise: Mobility of the future, digitalization, SMART Mobility, Generation X/Z, SMART City

Languages: German, English
